The Committee met in St. George at the Klauber Building. We planned to view the facilities layout and suitability for a future event. A report will be given at our meeting on the 28th.

During our visit, Emily Watts shared news concerning our chef for the BBQ event on Oct. 15th. Andy Droze had volunteered to prepare the BBQ at no cost to DSI. The previous evening he suffered a stroke and was in surgery at the time of our meeting. Unfortunately the surgery was unsuccessful and he passed the next day. Emily shared more of his background as a church and community volunteer with us. After a discussion of our next step in finding a replacement, Emily suggested calling Russ Cornett to assist us. Emily contacted Russ who agreed to prepare the BBQ at his cost.

Respectfully submitted, Carol Davis
